PALLET FORK

PALLET FORK

B-Built pallet forks are an essential attachment for every skid loader! The walk-thru frame gives an operator easy and safe access to the skid loader.

Features

- 5000 lb. capacity frame and forks
- 4" wide x 48" heat treated forks (other sizes available)
- Machined top fork rail
- Walk-thru mask with non-slip step standard
- Center lifting ring
